HEAD OF SCHOOL CORNER

Alhamdulillah, we see great strides in student learning since our return to full time in-person classes. Teachers are working to strengthen any learning gaps and helping students advance academically. At the same time, we are guiding students by building their character through their interpersonal relationships and creating good habits, like Quranic recitation and giving charity on a regular basis. We appreciate the support and partnership we have built with parents and want to emphasize that the most successful students are those whose parents are involved with the school in tarbiyah (educating and raising children). We look forward to seeing you at more school events inshaAllah. Please feel free to contact teachers, Division Heads and myself if you need anything.

Leila Shatara
Head of School

TEACHER IN-SERVICE DAY

On October 15, we held our first Teacher In-Service Day for the school year. The staff spent the day in training for Emergency Response and Emergency Drills. Thirty staff members received First Aid, CPR, and AED training and became certified.

EARLY CHILDHOOD HIGHLIGHTS

Our Early Childhood Division has been focusing on engaging students in activities geared towards developing their fine motor and social skills. Teachers have been working hard to get students into a routine. Students are learning the alphabet, phonics, numbers, surahs, duaas, and stories about the Prophets. They have been working on a variety of projects. Our Kindergarten students have started praying Dhuhr daily in their classrooms, led by high school students.

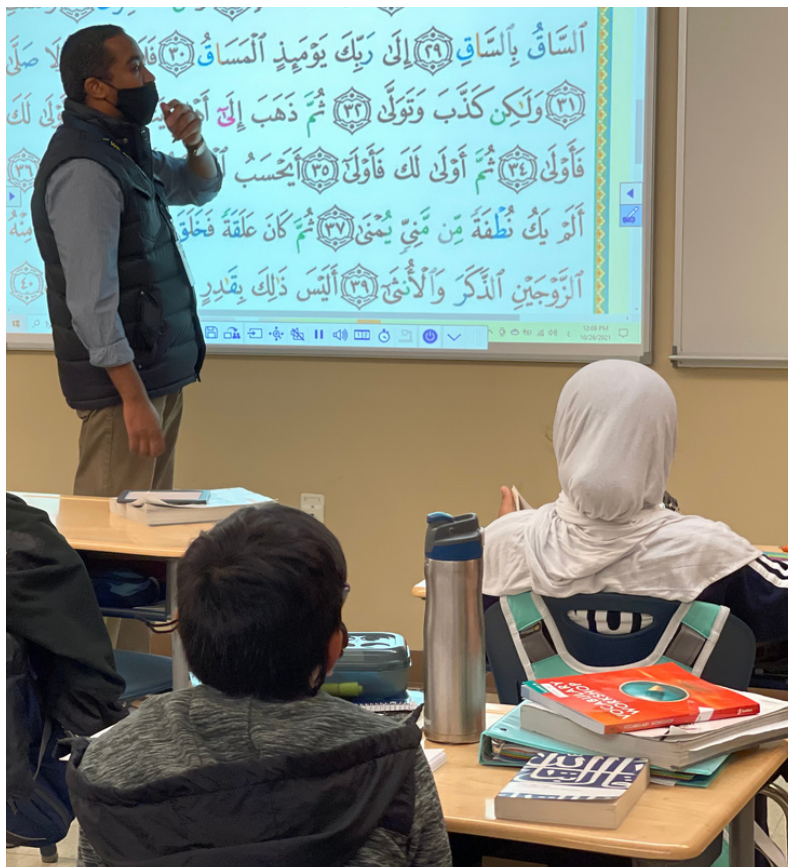

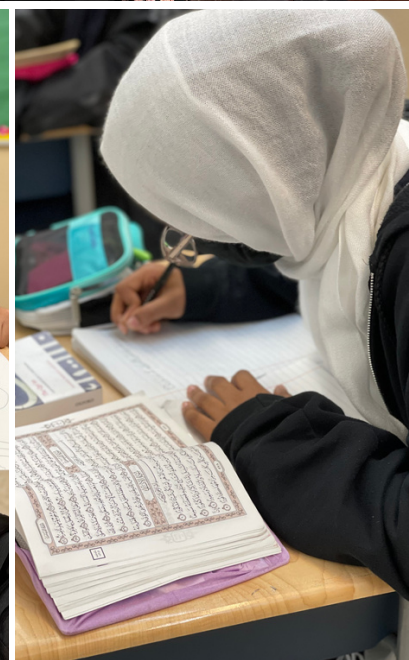

ELEMENTARY SCHOOL HIGHLIGHTS

Our Elementary School students are getting settled into the school routine. Teachers are working hard to support our students' needs. Each class has been busy working on different projects, such as making pumpkin patches, disguising turkeys, learning about minerals and symbiotic relationships. Students are memorizing Surahs, learning the Arabic language, how to perform wudu, the 5 daily prayers in the correct manner, and pray Dhuhr daily as a class. Students are enjoying taking turns making the Adhan, Iqama, leading prayers and making Duaa. Students in 3rd -5th grade have started daily Quran recitations. Students have been able to join in after school activities like soccer, taekwondo, and fencing.

MIDDLE SCHOOL HIGHLIGHTS

Our Middle School students have been off to a busy start. Teachers have been working hard to get students used to the Middle School rigor. Supporting student needs and building relationships continues to be a priority for the division. Students are learning different subjects like culinary arts, visual arts and French, as well as enhancing their Arabic skills and memorizing Surahs. The students are excited to be back in school, many joining after school clubs like Science Olympiad, Science Bowl, soccer, badminton, and Junior Rho Kappa.

HIGH SCHOOL HIGHLIGHTS

Our High School students began this year in full swing. They were excited to be back on campus and the teachers have been eager to teach in a classroom setting. The High School has organized discussions with Dr. Amaney Jamal, Dean of Princeton School of Public and International Affairs at Princeton University and Dr. Ahmed Mohamed, NUI's Chair of Islamic Studies. Dr. Amaney inspired our youth to get involved in standing for justice and making a difference. Dr. Ahmed spoke to our high schoolers about Islamic teachings and values on gender. Various school-wide activities like Pink Hijab Day raising money for Breast Cancer, Prophet Muhammad (SAW) artwork, Empower Club contest, and a winter clothing drive for United Mission for Relief and Development have been planned and implemented by High School students.

ATHLETIC DEPARTMENT

Congratulations to our high school boys soccer team. They showed us what teamwork is all about. The team was undefeated the entire season. A special thank you to our dedicated coaches!

OUR STUDENTS' PROJECTS

HONORING OUR BELOVED PROPHET ﷺ IN THE MONTH OF RABIA AL-AWWAL

Students were invited to submit a piece of artwork or a poem to express their love for the Prophet Muhammad.

MashAllah the submissions were beautiful. All the artwork is on display in the main lobby.

GIVING TO NOOR-UL-IMAN

Like all independent schools, Noor-Ul-Iman School depends upon the generosity of our community to sustain and advance the mission of the school. Over the years, parents, alumni, grandparents, parents of alumni, faculty, and friends have helped provide the best possible educational environment for our students.

A strong tradition of giving allows NUI to maintain its facilities, equip teachers and students with state of the art technology and resources. Thank you for always supporting NUI!
